

general manager – commercial solar

- **Expand Commercial Business**
- **Manage all facets of the Division**
- **Sydney, Melbourne or Adelaide**

Already a force in renewable energy solutions in the residential and commercial fields, our client is seeking to take advantage of the huge potential in commercial solar applications both PV and Solar Thermal.

Your role is to build the business through growth in project sales, installations, consulting services, business development and marketing. You will manage all facets of the division such as budgeting, forecasting, marketing, operations and recruitment.

Ideally, you have a renewables background but more important is your experience in building businesses and your knowledge of Tendering and Asset Management. A significant six figure salary will be negotiated and being a national organisation the location for this position is flexible.

If you would like to discuss this unique role then please call **Michael Green** on **02 8243 0500** or send your resume to the address below.
